

Philosophy of Language Arts

Christian education is committed to providing a complete education for God's people. The goal of Christian education is to help children know Jesus Christ as their Savior, to grow in their faith, and to develop their talents to be used in this life to bring glory to God.

Reading

Reading enables individuals to find enjoyment, information and insight, inspiration, and the grace of God through words in print.

Language (Grammar)

Children in our Christian school need to be able to speak and write effectively and appropriately in a variety of settings and for different purposes.

Spelling

Spelling is the ability to recognize and produce correctly spelled words. Proper spelling will help students communicate effectively in the life they live for Christ.

Handwriting

Writing is an essential and integral part of every subject in the school's curriculum. Handwriting is necessary for students to be able to write letters and numerals correctly in order to convey the written language.

Writing

The ability to communicate in an expressive manner is essential for the enrichment and enjoyment of the student.

Therefore, a balanced Language Arts program will strive to maintain a favorable attitude toward and confidence in Reading, Language, Spelling, Handwriting, and Writing.
